HAMMER & ANVIL™

Fireworks Like The Good Old Days™

Hammer & Anvil™ is the newest brand of consumer fireworks that has evolved from the longest traditions of pyrotechnic entertainment.

Hammer & Anvil™ understand that shooting fireworks is a shared experience that creates memories. Regardless of who you are or how old you are fireworks bring out the child in all of us. From arriving at the fireworks store to the thrill-a-minute shooting of the fireworks with friends and family, Hammer & Anvil™ fireworks help to create the complete fireworks experience.

Hammer & Anvil™ deliver fireworks with three core goals in mind. These are:

- To build exciting fireworks
- To create eye catching firework packaging and point-of-sale designs
- To deliver super competitive prices

THE BRAND

Hammer & Anvil™ is a brand that embraces the past whilst looking to the future. The hero of our brand is George, 'the pyro kid'. George radiates the excitement and joy that fireworks bring. He is a reminder of 'fireworks like the good old days', a sentiment firework sellers can bring to their stores via Hammer & Anvil™'s nostalgic and ultra modern designs.

THE PYRO BLUEPRINT

To make the consumer firework experience even more memorable Hammer & Anvil™ have created The Pyro Blueprint™. This provides a quick reference guide for the consumer to gain a better understanding of the performance of the firework. Our trademarked Pyro Blueprint™ design is fun, easy to read and understand and adds to the overall firework experience. The QR code links to a video of the firework so you can immediately see the actual performance. Try it here on the pages of this catalog!

Firework Americana™ presents THE STAND

The steady stream of customers always approach with smiles on their faces. Drawn by the colorful banners flaring on the usually vacant lot, they arrive equipped with an eagerness tinged with expectation. One certainty is that they never leave disappointed. 'What's new?'; 'Take a look at that!'; 'OK, let's get some more!'.

There was something special about this annual pilgrimage taken with friends, family, neighbors and new friends alike. Together preparing for the shared experience that elicits in equal parts excitement, wonder and awe. Brought together by The Stand.

Firework Americana™ presents MASTER & APPRENTICE

Summer was coming. Days by the river with friends would beckon for some. Usually up to mischief. Laughing. Running home as the sun disappeared over the mountains. For others the anticipation of the interstate road trip left them giddy with excitement. And then there were the few for whom long days laboring in the sun prepping the night's entertainment was all they dreamed of.

When your job is your passion you do not mind the hard work. It is your apprenticeship and you learn. He learned from a master, however he didn't call him that. He just called him dad.

YANKEE DOODLE DANDY meets INDEPENDENCE DAY

Firework Americana™ presents THE FOURTH

The birds arise early
Sing the day has begun
Flags hoisted a'high
Flush with morn's warm sun

The neighborhood stirs
To a crisp clear blue sky
The excitement starts mounting
It's the Fourth of July!

A festive day onward
Dusk's countdown's begun
Fireworks at the ready
Friends and kin wait as one

Then whistles and crackles
And willows and flares
Fountains and cascades
And mouth gaping stares

There's smiles all round
Illuminations on high
It doesn't get better
Than the Fourth of July

500 GRAM CATEGORY- PYRO TIME™

Hammer & Anvil™ fireworks not only celebrate the past but also embrace the future. Modern and fun designs ensure an instant shelf appeal that is matched by great firework performance.
